#### BONDS.

#### THE DAY'S OPERATIONS IN STOCKS.

As a whole, the stock market yesterday displayed strength. There was some irregularity in the movement of prices toward the close, but it did not alter the general situation. The business was on a good scale, and was well distributed. Despite the higher rates for money which have prevailed this week, there was another transfer of gold to San Francisco-that is, the gold, \$750,000 in amount, was deposited in the Sub-Treasury and an order was issued in the Sub-Treasury and an order was issued bet Lack & W. Den & Ris Gr. to the San Francisco Sub-Treasury to pay it out there. Whether still more gold is to be out there. Whether still more gold is to be transferred to San Francisco is not known, but do per transferred to San Francisco is not known, but transferred to San Francisco is not known, but of per transferred to San Francisco is not known but of per transferred to San Francisco is not known but of per transferred to San Francisco is not known but of per transferred to San Francisco is not known but of per transferred to San Francisco is not known but of per transferred to San Francisco is not known but of per transferred to San Francisco is not known but of per transferred to San Francisco is not known but of per transferred to San Francisco is not known but of per transferred to San Francisco i there is no sign and little probability of a resumption of gold exports. The new race outcall money are fully maintained, and the outlook is for a further advance in them. The Treasury has taken so much money from the Gold pref.

Treasury has taken so much money from the Gold pref.

To be banks this week that a reduction in Gold pref. deposits through a contraction in loans is the only method by which the legal reserve can be .Fr W & D Ch kept up. The bank statement to-morrow cannot be other than an unfavorable one. The absorption of money by the Treasury has

become a serious matter, since it cannot be Horn Silver. let out again, at least in anything like the same amount in which it is received. Government deposits in the banks have been increased somewhat, but not enough to afford any relief at all, and likewise the tenders of bonds to the Treasury under its offer to purchase them have Town There. been so small as to be of no consequence. There appears to be only one way at present to obtain an adequate supply of cash at this centre, and that is by pushing up the rates for money antil they reach a point where they will draw currency from other points. It is hardly probble that money will go so high as to bring gold from Europe, but it is a fact that money rates at London, Paris and other European financial centres are now lower than in New-York There is nothing menacing in the eixsting state femoney in New-York, but it is rather surprisig that there should be a pinch in funds, so

soon after a plethora, for it is barely ten days

since offerings of money exceeded requirements The heaviest dealings on the Stock Exchange were in Amalgamated Copper, which rose it price notwithstanding an announcement that action on the dividend on the stock would not be taken, as expected, on Thursday of next Thursday in April." The reason given for this delay was inability to secure a quorum of di rectors. The cable brought information of an Increase of 1% per cent in the dividend on the stock of the Rio Tinto Copper Company, the chief foreign competitor of the Amalgamated company. Sugar Refining fluctuated rather vio lently, but closed with only a moderate loss, A drop in the price of raw sugar was taken as indicating the possibility of another cut in the price of refined sugar. Liberal purchases of International Silver lifted this stock into view once more, and added materially to its price North American, also, was freely bought, and had a sharp rise. There was no news in connec tion with the operations in the stock. The buying of the Reading issues continued.

# MONEY AND EXCHANGE.

MONEY MARKET.—Money rates, as quoted follow: Money on call opened at 3½ per cent: highest, 4½ per cent; lowest, 3½ per cent; last loan, 4 per cent; close, 3½,04 per cent: ruling rate, 3½ per cent. Time money was quoted at 4 per cent for thirty to slaty days, 4½ per cent for four months and 4½,02% per cent for five and six months. per cent for five and six months. Commercial paper

10,000 shares in this market. Sales exceeded purchases somewhat. The stocks sold included Southern Pacific, Baltimore and Ohio and United States Steel. The buying was scattering.

STOCK LOAN QUOTATIONS .- Loan quotations were: Amalgamated Copper, Anaconda, Atchison common and preferred, Brooklyn Rapid Transit, Baltimore and Ohio common, Delaware and Hud-son. Erie common, first and second preferred Louisville and Nashville, Manhattan Missouri Pa-cific, New-York Central, People's Gas, Reading first preferred. Rock Island, St. Paul, Southern Railway preferred. Southern Pacific, Sugar, Tennessee Coal and Iron, Union Pacific common and preferred, United States Steel common and preferred, United States Leather preferred, Wabash preferred, West-ern Union, Chicago Terminal, Republic Steel common and preferred, 31/2 per cent; American Ice com-

CONSOLIDATED TOBACCO.-The Consolidated Tobacco Company did not issue any financial statement at its annual meeting, as the company has not been in existence a full year. The reports of not been in existence a full year. The reports of the American and Continential companies, however, indicate the financial condition of the Consolidated company. After paying dividends on the preferred stock and interest on scrip, the American company had a balance of \$5.346,224 applicable to dividends on the common stock. The Continental company had a corresponding balance of \$1.345 St. The American had a corresponding balance of \$4,181,618. The American company reported \$1.50,000 and the Continental company \$500,000 profits from subordinate companies, which were not included in the reports for 1901. These figures make a total of \$11,527,812 applicable to dividends on the common stock, or funds which might be transferred to the treasury of the Consolidated company, as this company now owns the common stock of both the American and Continental companies. This amount is equivalent to the full 4 per cent on the Consolidated bonds and balance of \$5,214.658. The \$30,000,600 in cash paid for the stock of the Consolidated company has also been earning interest.

AMALGAMATED COPPER.-It is stated that at the last meeting of the board of directors of the Analgamated Copper Company it was known that there would not be enough directors in the city to make a quorum at the time of the regular meeting. The bylaws therefore were amended so that in future action on dividends will be taken n the third Thursday of April, July, October and January,

VIRGINIA-CAROLINA-It is stated that the

argest holders of the stock of the Virginia-Carolina Chemical Company are the Dukes, of the American Tobacco Company; Henry Walters, president of the Atlantic Coast Line; Samuel Spencer, president of the Southern Railway, and he Scaboard Air Line interests. They are not only large owners of the company's stock, but also di-rectors, and control the policy of the company. These connections are said to be of great importance to the company, both in connection with transportation facilities and also because of the large mount of fertilizers used by growers of tobacco AMERICAN ICE - There are more than five housand individual stockholders in the American Ice Company. The largest is Charles W. Morse, who holds 5,900 shares of common and 4,300 shares of preferred. John N. Briggs holds 6,400 shares of common and 1.700 shares of preferred. H. F. Morse holds 2.900 shares of the common. Leading houses are carrying from 2,000 to 10,000 shares each. Among these are Strong, Sturgis & Co., Halle & Stieglitz, Henry Clews & Co., Edward Sweet & Co. T. I. Morses, in and Ladenburg, Thelegon. Co., T. L. Manson, jr., and Ladenburg, Thalmann & Co. Secretary Scott, of the American Ice Company, says: "The meeting to consider the dividend on the preferred stock will be held the latter part of this month and that on the common during April, and until then no announcement concerning

FIRST NATIONAL BANK.-The First National Bank of New-York is now ahead of all banks in amount of deposits with it by other banks and trust companies. Such deposits reported by the First National Bank to the Controller of the Currency on February 25, 1992, were \$42,557,600. The National Park Bank was second, with \$41,359,300; Hanover National, third; National Bank of Com-merce, fourth, Chase National Bank, fifth, and National City, sixth. The First National reported et profits on February 25 of \$1,635,000. Net profits reported on December 10, 1901, were \$1,354,440. A semi-annual dividend of 10 per cent, or \$1,000,000. was paid in January. Accordingly the net profits from December 10, 1901, to February 25, 1902, were \$1.281,000, or \$251,000 more than is required for the next semi-annual dividend.

dividends will be made."

ST. LOUIS SOUTHWESTERN PLAN.-At a meeting of the St. Louis Southwestern Rallway Company directors the deposit of a large majority of the second mortgage income bonds was reported to the directors, who declared the plan for financking the property effective, and announced that no further deposits of bonds would be accepted without a small penalty unless made at once

TRADE IN CHICAGO.

Chicago, March 13 (Special) .- Wheat lost %c to 1c. and closed at the bottom. Early there was Cudahy buying and much talk of cash demand. The cash business here turned out only a matter of trading between elevator people-100,000 bushels hard winter; New-York reported 35 loads for export there. Local longs were finally the best sellers. May opened at 76½c, sold between 75½c bid and 75½c, and closed at 75½c bid; July closed at 75c. Liverpool reported Argentine offerings freer. Liverpool private messages said Manitoba wheat was considered the cheapest. The Northwestern cars were ahead of last year-382, against 256. This increase affected the temper Primary receipts were 47,000 bushels, against 461,000 bushels. There was the prediction of colder weather for the Northwest. It was springlike here. The Price Current" said there was for the present sufficient moisture. The interests which had bought the most wheat early finally led in the selling. The present weakness is partly the ordinary response o the first signs of spring.

The corn surroundings for an hour seemed bullsh. Prices early were up %c, there was a decline of almost ic from the top and the close was \$6 to \$6 under Wednesday. May opened at 61%c, sold between 52%c and 61%c, and closed at 61%c. July closed at 61%c and the September at 50%c Country offerings were small. Local receipts were 112 cars, and only 97 for Friday. St. Louis early advanced faster than Chicago Omana cash artists. vanced faster than Chicago; Omaha cash prices were higher. There was a lot of buying in St. Louis and by local bulls and shorts. This buying stopped when wheat turned so weak, and when the

ouying paused the corn price slipped off. Oats prices, like those of corn, were strong, up to Oats prices, like those of corn, were strong, up to about noon. Patten early was compelled to sell a few May oats at 45% to keep the price from getting over that figure. Later there was quite free selling of May by Armour, and by the Continental Facking Company. When wheat and corn eased off, the May oats lost their early advance, and the July and September lost fractionally. May closed at 45%, about the Wednesday close, the July and September closed by the conder Wednesday. There were 86 cars, with 70 for to-morrow. Flax prices were without change. Cash. 18 % to 11.72, and the May, 31.73. At the three points there were 29 cars of seed, against 17 last year.

Provisions were quiet, up slightly early on small hog receipts, off slightly later with the grains. The list closed unchanged to 5c under Wednesday. Hogs here were 5c higher, with 6.00 less than expected. West there were 50.000 hogs, against 8.64 has year.
